

4Life Transfer Factor® Chewable Tri-Factor® Formula

The superpower of immune system support

- Provides immune system support
- Stimulates Natural Killer (NK) cell activity
- Educates immune cells

What is 4Life Transfer Factor Chewable Tri-Factor Formula?

4Life Transfer Factor® Chewable Tri-Factor® Formula provides revolutionary immune system support of Tri-Factor Formula—the combination of Transfer Factor E-XF™ and NanoFactor® extract—in a delicious citrus-cream chewable tablet. It contains ingredients made by the immune system for the immune system and represents a revolutionary advancement in Transference™ Science. The messenger molecules found in 4Life Transfer Factor Chewable Tri-Factor Formula help educate immune cells and support the immune system's ability to more effectively recognize, respond to, and remember potential health threats.

PRIMARY SUPPORT:

Immune System
General Wellness

SECONDARY SUPPORT:

Cardiovascular
Energy

Key features

- Promotes healthy immune system function that, in turn, promotes increased energy and the healthy function of all other systems throughout the body.
- Contains transfer factors (immune messenger molecules) that help educate immune cells and promote the immune system's ability to more effectively recognize, respond to, and remember potential health threats.
- Provides another way to receive your daily source of Tri-Factor Formula in a citrus-cream flavored chewable tablet.
- Features NanoFactor extract that supports immune system balance by promoting the ability of immune cells to know when to act, how to act, and when to rest.
- Ensures exclusivity with protective United States patents: 6,468,534 (extraction process for transfer factors from egg sources) and 6,866,868 (combination process of transfer factors from cow colostrum and chicken egg yolks).

DIRECTIONS: Take three (3) tablets daily.

Supplement Facts	
Serving Size—Three (3) Tablets	
Servings Per Container: 30	
Amount Per Serving	% DV*
4Life® Tri-Factor® Formula	600 mg †
UltraFactor XF™	
A proprietary concentrate of ultra-filtered 4Life Transfer Factor® proteins and other peptides from cow colostrum.	
OvoFactor™	
A patented concentrate of 4Life Transfer Factor® proteins and other peptides from chicken egg yolk.	
NanoFactor®	
A proprietary concentrate of nano-filtered cow colostrum.	
*Daily Value	†Daily Value not established

OTHER INGREDIENTS: Fructose, maltose, sorbitol, natural flavors, malic and stearic acids. K D

CONTAINS INGREDIENTS FROM MILK AND EGG.

4Life Transfer Factor® Chewable Tri-Factor® Formula

The superpower of immune system support

Scientifically studied, 4Life Transfer Factor® Tri-Factor® Formula was developed by 4Life researchers and scientists in an effort to maximize immune system support.* Its combination of 4Life's patent protected UltraFactor XF™, OvoFactor™, and NanoFactor® extract helps activate Natural Killer cells by up to an unprecedented 283 percent.*†

4Life Transfer Factor® Tri-Factor® Formula Increases Natural Killer (NK) Cell Activity

**Indicates the percentage increase above the baseline value

† Test results obtained from an independent, unpublished *in vitro* experiment conducted within the Blokhin Cancer Research Center, at the Russian Academy of Medical Sciences, in Kashirskoe Shosse, Russia. The randomized and controlled *in vitro* study assessed the effects of 4Life Transfer Factor® Classic, 4Life Transfer Factor® Tri-Factor® Formula, or 4Life® Transfer Factor Plus® Tri-Factor® Formula, versus a positive control (Interleukin-2, or IL-2) on NK cell activity and effectiveness in destroying damaging cells. Blood was collected from healthy volunteers and then incubated for up to 48 hours. [REFERENCE: Kisielevsky MV & Khatlurina EO. Antitumor and cytotoxic activity of mononuclear blood cells. *Unpublished observations*]

These studies have been funded in full or in part by 4Life Research USA, LLC.
